ADHERES TO FIRST DECISION GIVEN

Case of Sergt. Da Shiell Reopened Last Night in Police Court

ECHO OF BIG ACCIDENT

Fine of $20 Imposed by Court In Case Reaffirmed—To Appeal to Corporation Court.

The trial of Sergt. Sidney A. Da-shiell, a member of the military police force of this city, who was fined $20 in the police court by Justice L. H. Thompson the evening of July 12 on a charge of trespass, was reopened last night at a special session of the court and a lange number of witnesses were heard and three and one-half hours occupied in the case after which Justice Thompson reaffirmed his decision in the case.

After the court announced its decision to adhere to its former action in imposing the fine on Da Shiell. Capt. H. Bert Knowles, judge advocate, Q. M. C. U. S. A., who represented the accussed, announced his intention of appealing the case to the corporation court. He has ten days in which to file an appeal. The state was represented at the hearing by Commonwealth's attorney Howard W. Smith.

The alleged trespass consisted of abusive language on the part of Sergt. Da Shiell to Rev. Dr. E. V. Regester, pastor of the M. E. Church South, and Henry Hunter, night foreman of a garage.

Threats Made by Sergeant

Sergt. Da Shiell at the time was near the military police headquarters at King and Washington streets, and it was also charged that in addition to using abusive language he threatened Dr. Regester and Mr. Hunter with a pistol. The episode followed the plunging over the causeway at the south end of Hunting Creek of a big motor army truck which resulted in two captains three privates and a civilian losing their lives.

At the opening of the case Capt. Knowles on behalf of his client entered a plea of not guilty.

Statement of Mr. Hunter

The testimony of Mr. Hunter was to the effect that he had upon hearing of the accident telephoned Dr. Delaney and met the physician a short time afterward on Washington street. He hailed the doctor, who was in an automobile, when Da Shiell came up on a motorcycle. Witness said that Da Shiell threatened to put a shell in him.

Rev. Dr. Regester Testifies

Rev. Dr. Regester said he was attracted to the corner and saw Mr. Hunter and heard Da Shiell swear at him, using the most vile language and he also threatened to put a shell in Hunter he said. Witness said he saw no reason for the military policeman abusing Mr. Hunter.

Rev. Dr. Regester said that he came up at this point of the proceedings and remarked to Da Shiell "That's no way to talk to a man" and the accused remarked "I will let you have one" and then made a threatening motion toward him. Dr. Regester said he told Da Shiell to shoot when he got ready. Da Shiell appeared greatly excited and appeared to have lost control of himself declared Dr. Regester. Rev. Dr. Regester on across examination said that he remarked to Sergt. Da Shiell that if you would put his gun away he would "trim him." Dr. Regester also added that the mere fact that the sergeant had a band on his shoulder didn't give him control over civilians, he adding that we are not under military law.

Fire Chief Tells of Offer

Fire Chief Ogden testified to having taken a corporal to the southend of Hunting Creek bridge following the overturning of the truck. Bodies of 6 men were lying side by side of the roadway. A driver of a car got into the jam and came very near running over the bodies. Sergt. Da Shiell became very much excited and threatened the driver. The sergeant he said appeared to get more and more excited and gave orders in a loud tone of voice.

Chief Ogden said he felt the pulse of the men and found a slight pulsation in two. He reported the matter he said to a military policeman. Regardless of this witness said all of the bodies were brought to the hospital at one time. Chief Ogden also told of offers of assistance made by him for fir e apparatus and they were not heeded he said.

James Tennesson also testified that there appeared to be life in two bodies after they were taken from the water. His offer to bring bodies back he said was ignored.

Leo McKenney told of having used his car to bring some of the bodies to hospital.

Testimony of Others

Others to testify include Leo Sweeney, Harry Massie W. S. Bowers, Malcolm M. Deeton, George Roberts, Police Sergt. Wilmer Scott, L. C. Rector, railroad sergeant, Edward Waters, Frank Chilcotte.

For the defense Sergt. Oscar V. Bole, who was in the truck which plunged overboard, said the sergeant ordered everybody overboard to help rescue the men. He told of the rescue work.

Stephen Taylor, of the Columbia Fire Company, testified that someone that night came in front of the Columbia engine house and he was attracted by the sounding of a gong and heard someone say something about a truck. Witness cried to the party to wait and when he got out there was no sign of anyone about.

Corp. Deahl told of having brought Sergt. Da Shiell to the city on his motorcycle. The sergeant he said was in charge of the military police here. The sergeant he testified ordered all hands overboard.

Corp. George C. Eurdine testified that he went to the bridge in the auto of Fire Chief Ogden. There were between twenty-five and thirty onlookers and only about twelve persons in the water, he said.

Sergt. Keck testified that he was in the overturned truck. Only three or four civilians he testified went in the water.

Lieut. E. R. Pierce saw only two civilians go into the water. Witness decalred he placed Sergt Da Shiell on the road to perform a certain duty and he sent witness to Alexandria to get a record so as to trace the number of missing men, and told him to speed up. Witness said Da Shiell was simply drawing his pistol as a badge of authority.

Sergt. Da Shiell testified that with Corp. Deahl he went to the scene of the accident shortly after midnight July 12. he ordered all hands overboard and drew his gun; some got into the river and some did not. Witness admitted he was greatly excited. He fired two shot in the air; for right of way. Witness said he didn't deny cursing. He, however, did not remember the exact words he used. He did not remember threatening adding he was laboring under great excitement.

Capt. Knowles made a lengthy plea to the court asking that the fined be remitted.

FILTRATION PLANT IN OPERATION

The Alexandria Water Company announces its Filtration Plant was placplaced in operation yesterday. The excessive and protracted rains have seriously delayed the work and only by the most strenous efforts and at considerable increased cost has the plant been advanced to its present stage. It will require perhaps a couple of weeks to restore the reservoir to full water level and get the filtered and sterilized supply in circulation throughout the distribution system. In the mean time we must ask the continued indulgence of our consumers.

MORE DISORDER IN WASHINGTON

Another White Man is Killed by a Negro and One Wounded

SITUATION IN HAND

Many Soldiers Rushed to Capital City —Army Tanks Ready for Service —Martial Law Not Needed.

Race fighting in Washington is definitely checked, and officials believe it is ended.

There was hardly more than a sputter of petty riots last night, and the city today felt like holding up its head again as it faced the record.

The cold-blooded murder of Isaac B. Halbfinger, a Home Defense Leaguer, by a firebrand negro who objected to being searched for concealed weapons was a case of individua lawlessness rather than a link in the chain of race battles in the streets.

Despite all precautions taken by civil and military authorities, rioting between whites and negroes broke out again last night in Washington and a report reached the police at 10 o'clock that a white man, believed to have been J. W. Halpinger, a home defense guard, had been shot and killed at Eighth and M streets in the northwest section. The assassin escaped.

Soon after the killing of the guard, the police received a report that another guard also had been shot by a negro. He was reported as fatally wounded. A detachment of cavalry and a squad of marines was rushed to the scene of the shootings.

With five persons dead, 11 possibly dying and scores injured in race battles on the streets here during the last three night. every precaution short of martial law was taken last night by police and military provost guards to prevent a recurrence of rioting that came as an outgrowth of numerous assaults on white women and other recent acts of violence by negroes.

There were no disorders during the day, but at nightfall police and troops supplemented by additional detachments of regulars from Camp Meade and marines from Quantico, took up their stations in grim preparation for what the hours of darkness might bring.

A statement issued by the governing authorities denied that the situation had been out of hand at any time although night when riot calls were sounding from a half dozen places at a time. The authorities also decided, although resolutions introduced in the House during the day urged that the President be requested to take that action.

President Wilson took cognizance of the situation late yesterday when he called Secretary Baker to the White House for a conference on steps that might be taken by the military in co-operation with the civil authorities to prevent recurrence of the outbreaks.

No information was forthcoming as to the exact number of soldiers assigned to patrol the District streets but unofficially it was learned that at least three companies from Camp Meade and Camp Meigs, fully armed were on duty here.

Three army tanks were ready for service, whenever violent rioting occurred, but it was unnecessary to call upon these war machines, loaded with rapid-firing guns.

The police yesterday arrested two young negro men as suspicious characters. It had been learned that they desired to purchase a pistol in this city, and failing in this they bought cartridges wherever the same could be procured. They were brought before the Police Court this morning, when they gave their names as Joseph Fairfax and Edward Butler. The first named had fifty-nine .38 calibre cartridges in his possession. The prisoners said they lived in Washington.

Each case was continued until tomorrow morning. In the meantime the police of Washiigton will be notified, as there is every reason to suppose the ammunition was to have been used in Washington during the present race troubles in that city.

MERCHANT SLAINED

Seventeen-Year-Old Negro Held Without Bail After Making Confession

Philadelphia, July 23.—Unconscious and bleeding profusely from a deep wound in his skull, which caused his death an hour later in the University Hospital, William C. Taylor, 57 year old, a well-known feed merchant, of Darby, was found yesterday in the loft of his establishment, Fifth and Main streets, by one of his employees. Later Samuel Dorman, a colored youth was arrested charged with the crime.

Ten minutes before the discovery was made, Taylor had gone to the upper floor to lower some bales of hay to a wagon. The driver of the wagon, Beverly Berkley, waited patiently for his employer to come to the loft window, and when he failed to appear after ten minutes he went to the upper floor to investigate.

A short distance from the stairway he stumbled across Taylor's prostrate form, lying in a pool of blood that had gushed from the deep wound in his head. Nearby he noticed a blood stained swingle tree of a wagon. A moment later a colored youth dashed passed him and almost knocked him down as he dashed to the narrow stairway.

Berkley immediately notified the Darby police authorities. Thomas was hurried to the University Hospital and an investigation was commenced. Later word was received that Thomas had died as the result of his injuries and Coroner Charles H. Drewes took up the case.

Upon a description supplied by Berkley, Dorman, who is 17 years old and who is said to have arrived in Darby ten months ago from the South was taken into custody. He was committed without bail for court at a hearing which was held late yesterday.

THE MILITARY POLICE

The retrial of the case of Sergeant DeShields, of the military police force, who was charged with using insulting language towards residents of Alexandria and threatening to shoot them early on the morning of the 13th instant, brought a large number of witnesses and spectators into the Police Court room last night. While evidence for the commonwealth was augmented considerably, the facts in the case were substantially as brought out ag in the firs ttrial. The sergeant made no positive denial of the charges urged against him, but he said he was excited and could not remember what he said.

The accused was represented by Judge Advocate Knowles, of Camp Humphries, who closely cross-questioned the witnesses for the prosecution.

DeShields, as was the result of the first trial, was fined $20. The Judge Advocate noted an appeal to the Corporation Court. Should the higher tribunal reverse the Police Court the fine will, of course, be returnd.

This case has been interesting to many in Alexandria, and nearly four hours were consumed in investigating it. All present acted in an orderly manner, although at times during the taking of evidence there were ripples of mirth, but they were immediately suppressed.

The evidence was elongated, and after the witnesses on both sides had been heard the Judge Advocate Knowles made half an hours' appeal in behalf of the sergeant. He thought that, under the circumstances, the charges against him should be dismissed. He alleged that if he had committed any thoughtless acts or used un-conventional language, they were not the outcome of malice.

In this connection it may be well to state that Alexandrians have no aversion to the military police, they being properly regarded as valuable auxiliaries to the eighteen policemen who guard the city. It is unfortunate that a member of this command should have been made to face the Police Court, but it must be conceded that our citizens have rights which should be respected, and the authorities are convinced that they acted within their power in taking cognizances of the charges urged against the sergeant.

At the close of the proceedings last night there was apparent good feeling among friends of the accused and those who testified on behalf of the commonwealth, and it is hoped the civil and military police will continue to vie in preserving order in Alexandria and apprehending all violators of state or city laws.

The military police have been stationed in this city about two years. They have been of material assistance to our civil officers, and it is hoped the slight friction which has occurred between them during the past two weeks will soon vanish, and we believe it will.

SALE OF FIREARMS

Race troubles and rioting in Washington have reproduced the old cry, "Stop the sale of firearms," in the capital city. The authorities of Baltimore have forbidden the sale of pistols in that city, and the Alexandria police have stopped the sale of firearms or cartridges to non-residents of either race.

As stated above, two young negro men from Washington visited this city yesterday, and failing to purchase a pistol provided themselves with a liberal supply of cartridges which were doubtless intended for use in the capital city. They are held here on the charge of being suspicious characters.

While the race troubles in Washington are still on, rioting has greatly diminished during the past twenty-four hours. The authorities claim to have the situation in hand. The military force has been considerably increased from nearby camps, including those contiguous to Alexandria, and army tanks are being held in readiness for immediate service.

The appearance in Alexandria last night of numbers of soldiers carrying guns caused some anxiety among peaceably disposed people, it being suggested that attempts might be made to start race troubles in this city. About eleven o'clock the discharge of a pistol caused some uneasiness in the southeastern section of the city. The night, however, proved tranquil.

The members of the police force are watching closely the movements of suspicious strangers, and precautions are being taken to prevent them obtaining pistols or cartridges here for use elsewhere.

The authorities of Washington are imposing the severest penalties upon persons caught with pistols in their possession. Such are fined $500 and in addition given one year in jail.

OUR CROP OF GRASS AND WEEDS

Members of the Alexandria police force are now engaged in notifying owners and occupiers of property to remove grass and weeds from the front of their premises. They are also calling attention to crops of noxious weeds in yards or in unoccupied lots. Such growths are a menace to health, as was stated in the Gazette several days ago.

Grass on sidewalks or in gutters is unsightly, and the law makes it incumbent upon occupiers of premises where such vegetation flourishes to remove the same under penalty of a fine. It is hoped, however, that no one will be cited to appear in the Police Court to answer such a charge, but that all will heed the officers' suggestions.

Those interested should act immediately and cheerfully, as no principle is involved, as all citizens should do their part towards eliminating anything unsightly and especially towards eradicating anything which is supposed to cause sickness.

Health conditions are now normal in Alexandria, and we should labor keep them so. But few cases of tphoid fever exist here at present, and it is the purpose of the health authorities to do everything possible to keep this dreaded malady at a minimum. But all should vie. The authorities cannot be everywhere, and notwithstanding their endeavors some nuisances do exist.

There is but one way to keep a city clean and that is not to allow it to get dirty. Follow the suggestions so often printed by the state and city health officials, and policemen will be spared the trouble of making suggestions or delivering fines.

TO ENTER CAMPAIGN

Lieutenant Gvernor B. F. Buchanan, replying to a letter from a Richmond friend calling his attention to a recent press statement expressing the opinion that he would withdraw from the gubernatorial race in the event of the candidacy of Secretary Carter Glass, said:

"In response to an inquiry submitted to me in March last, as to my intention to be candidate for governor, I replied: "It is my present intention to enter the primary at the proper time and when the issues can be intelligently defined to make a formal announcement of my candidacy and of my views as to state policies.

This is still my position. My proposed candidacy was not and is not conditioned on the candidacy of any otehr aspirant, nor has such suggestion been made to me by the friends of any one."

ANOTHER OUTRAGE

Capitol Heights Woman Big Assault by Negro Fails of Lynching

Despite all efforts of a force of armed citizenry of Capitol Heights, Md., and the Washington police, not a trace has been discovered of the negro who Monday night attacked Mrs. Helen Nightengale near her home in the suburb. There is free talk of lynching by the enraged posses who are doubly incensed at the negro's act at a time when the Capital was seething with race riots.

Mrs. Nightengale told detectives that the negro called at her home Monday and made an attempt to enter the house but was frightened off. About 10 o'clock at night as she walked toward her home, the negro sprang from a hedge, grasp

[illegible] her to the ground. She struggled against him, her clothing being ripped and torn and her limbs deeply scratched. Finally Mrs. Nightengale says, she bit the negro deeply in the arm and he relaxed his hold and ran off.

Mrs. Nightengale's cries were heard by by dwellers nearby, but when they came out she had disappeared. She was discovered a short time later lying in the road, up which she had staggered a distance after the attack before fainting.

The police are not of the belief that the negro who attacked Mrs. Nightengale was in any way connected with attacks on four Washington women.

THE EX-KAISER

Spend Hours Alone Saying Prayers And Singing Psalm Tunes

Amerongen, July 23.—"I have been covered with lies. I covered my generals, both at the front and behind the lines, with decorations, and they covered me with lies. If I had only been told the truth, I would have acted differntly."

Thus runs the bitter plaint of ex-Kaiser Wilhelm II, according to recent visitors at the castle here. It amounts almost to monomania they say, being the burden of all conversation he carries on, no matter with whom.

The former Kaiser's periods of loquacity are followed by outbreaks of religious hysteria, during which he spends hours alone praying and singing psalms. His erraticism greatly embarrasses even his most devoted admirers.

The former Emperor has absolutely broken off relations with his oldest son, former Crown Prince Frederick William, though the latter corresponds regularly with the former Empress. No word, however, passes between father and son.

Recently a secluded castle in Germany was selected and everything was in readiness to receive the ex-Kaiser, but it is doubted if he would dare return and trust himself with his own people, even if the Dutch permitted him to return.

Diplomatic circles at The Hague, however, are by no means blind to the possibility that the former monarch may at some favorable time endeavor to slip away before the allied powers and Holland have reached an agreement on the subject of his delivery.

BAR BERGER, BAN PARTY

Attorney for Socialist Sets Precedent in Decision of House Committee

Refusal of a seat in Congress to Victor Berger, Milwaukee Socialist, is tantamount to refusing any member of the Socialist party a seat, even though that party casts 1,000,000 votes, Henry F. Cochems' Berger's attorney, told the House committee inquiring into Berger's qualifications yesterday.

"His conduct is consistent with the policy of his party," he said. "If he is unfit to sit 1,000,000 Socialists are unfit to sit. Mr. Berger represents the citizens of his district, and he would return again with as large or larger a vote, even after this contest."

Cochems continued argument on a brief submitted to the committee Tuesday. He held that no exclusion of a member of Congress can be made unless a formal act of Congress is passed for the particular case.

NEGRO BUS DRIVER HELD

$1,000 Bail Required For Release of Accused Danville Man

Danville, Va., July 23.—Mayor Harry Wooding has required a bond of $1,000 for the release of David Oliver, a negro autobus driver who late Saturday night ran down and injured Mr. and Mrs. H. F. Vass. Bond was denied the negro for two days, and, as he has no funds, he probably will remain immured for two months, since it will be fully that time before the injured woman can testify.

Thomas Mitchell, a policeman, who saw the accident states that the negro was speeding his bus with the apparent intention of getting ahead of the street car in order not to be held up behind it at the stop where Mr. and Mrs. Vass were standing. The negro denies that he was driving fast, and maintains that Mr. Vass seized his wife's arm and dragged her back into the path of the motorcar.

Cloverdale GINGER ALE

is d-i-f-f-e-r-e-n-t

DON'T get the impression that all Ginger Ale is "just Ginger Ale." We suggest that you try one bottle of CLOVERDALE—then you'll realize that there is a big difference in its favor and in its flavor.

There are several reasons for the superior quality of

Cloverdale GINGER ALE

beside the fact that

"It Doesn't Bite"

First, the water comes clear, pure and sparkling from the celebrated CLOVERDALE Springs, at Newville, Pa. Then, the "ginger" is truly Jamaica Ginger (not cheap red pepper) and that's why "It Doesn't Bite." Lemon and the purest cane sugar syrup are also used because we are offering the best ginger ale, not the cheapest.

One cold drink will quench that thirst—then send home a case for the family. Many people are finding it beneficial to drink a bottle every day—as a tonic.

Order a Case Today---Serve It Cold

Each bottle of CLOVERDALE GINGER ALE contains two full-sized glasses, and is sold in cases of 24 bottles each. You can buy it by the case or the bottle from leading grocers, druggists and other places where good drinks are sold.

LANSING RETURNS

Secretary of State Will Reach Washington Today

New York, July 23.—Secretary of State Lansing arrived here yesterday from Brest on the steamship Rotterdam. The Secretary accompanied by his wife and a small party of State Department attaches, was taken off the ship at Quarantine and brought to this city on a revenue cutter. He will remain here over night and go to Washington tomorrow.

Secretary Lansing declined positively to discuss foreign affairs, either as they related to the peace conference or to Mexico. He said he would make no statement until he reached Washington.

Mr. Lansing made an effort to get into wireless communication with Undersecretary Polk, who sailed yesterday to take the place of his chief at the peace conference, but atmospheric conditions were such that it was impossible to exchange messages.

The only statement Mr. Lansing consented to make was in reply to a question as to whether he contemplated retiring from the cabinet.

"No, I will not resign," he declared emphatically. "I have no thought of resigning."

EMPTIES SHELL OF SHOT

West Pittston Man, After Shooting Wife Tries in Vain to Kill Himself

Pittston, Pa., July 23.—At a hearing before Justice of the Peace Reber, of West Pittston, Andrew Mislin, aged 45 of West Pittston, was sentenced to the county jail in Wilkes-Barre without bail, after he pleaded guilty to severely wounding his wife with a revolver, Meslin attempted to end his own life with a shotgun, but his son, hearing his father threaten to kill the woman several days ago, removed the shot from the shell and Mislin escaped with a burn on the forehead.

Mrs. Mislin is in a serious condition at Pittston Hospital with two bullet wounds in her breast, one in her neck and another in her shoulder. The would-be murderer is seemingly unconcerned regarding the affair. When arrested he was seated near his wounded wife calmly smoking a pipe. He asserts that his wife was continually abusing him and would not cook his meals.

KILLS WIFE BY MISTAKE

Tennessee Farmer Shoots When Seeking Intruder in Barn Late at Night

Nashville, Tenn., July 23.—When F. B. Robertson, well known farmer, near Tullahoma, did not return promptly Monday night from investigating a noise at his barn, his wife went to ascertain the reason, and, appearing from behind a corn stack, the husband mistook her for an intruder and fired killing her instantly.

LANSING AND BLISS CHAMPION CHINESE

Paris, July 23.—Secretary of State Lansing and General Tasker H. Bliss, members of the peace delegation, in their recent message to President Wilson took an unsympathetic view of the decision to give part of the Chinese Shantung peninsula to Japan, although they did not formally protest, it was authoritatively learned today.

The message was sent at the President's own request shortly after he had left France for the United States. It was said that the two delegates expressed their sentiments without formally opposing the President's course.

Eleven Philadelphia Saloon Proprietors and 7 Bartenders Held Under Bail

Philadelphia, July 23.—Eleven proprietors of saloons and seven of their bartenders were arrested yesterday by Federal agents, charged with selling beer containing more than one-half of one per cent. alcohol in defiance of the war time prohibition act. Waiving hearings before United States Commissioner H. L. Manley, in the Federal Building, the proprietors were each held in $1000 bail for court, while the bartenders were held under $500 bond each.

WRESTLING PARSON

Victims of His Skill Aid Go-To Church Campaign

With the American Forces in Germany, July 23.—Chaplain F. S. Currie, of the Second Division, has become known among the American forces on the Rhine as "the wrestling parson" in his go-to-church campaign which he inaugurated recently among the soldiers. Chaplain Currie has been putting on an exhibition in Leutesdorf every night the last few weeks and each man he throws promises to induce five other soldiers to accompany him to church the Sunday following the wrestling match.

The contests have been held in the Leutesdorf playhouse and Chaplain Currie has been taking on different men from the Third Battalion of the Sixth Marines each night. Reports to the chaplain's office of the second division say Chaplain Currie has been winning about 75 per cent of the matches.

KOLCHAK'S ARMY DEFEATED

Paris, July 23.—Reports from Moscow declared that "following Bolsheviki gains against Admiral Kolchak," the Bolsheviki were rapidly shifting their army against Gen. Deniken's front. Seizure of mines and factories in the Urals is said to have permitted extensive munitions production by the Bolsheviki."

Berlin, July 23.—Reports from Wyborg say the Bolshevik forces have begun an offensive against Gen. Deniken, capturing 30,000 prisoners and food and munitions in the reign of Perm. Three regiments are reported to have deserted from th army of Admiral Kolchak.

London, July 23.—General Deniken, anti-Bolsheviki leader, has ordered his southern forces to advance on Moscow, according to a news agency dispatch from Ekaterinodar.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.,—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action leaving no bad after-efects, it has won the praise of thousands of people who have used it.

ENDS HER LIFE IN HOTEL

Postmistress At College Park, Md., Takes Poison

College, Park, Md., July 23.—News of the suicide in a Chicago hotel of Mrs. M. T. Bowdoin, for many years postmistress here, was received yesterday afternoon in a telegram addressed to her 16-year-old daughter, Auderoy Bowdoin, from Edward C. Radel, an aviator, whom Mr. Bowdoin had visited in Chicago. The telegram was intercepted by a friend of the family, and the daughter was not told of the suicide until later this evening after her mother did not arrive on the 5.30 train, on which she had written that she would return.

Friends of Mrs. Bowdoin are unable to find a motive for her act. She left here last week and seemed happy because she was going on her vacation. According to the telegram, Radel was called to a Chicago hotel yesterday afternoon and found Mrs. Bowdoin had taken poison. On a table in the room was the following note:

"I seem to be very much in the way so God grant that this stuff will do the work, and you can do as you please. Remember, I worshiped you, but the suffering is great."

The note was neither signed nor addressed.

Radel, when questioned by police of Chicago, said he would give no motive for the woman's act, but residents here are of the opinion that Mrs. Bowdoin was disappointed in her plans to marry Radel.

WAR-TIME BEER'S FATE

The question of the right of brewers to manufacture beer containing 2.75 per cent. of alcohol reached the Supreme Court yesterday through appeals filed by the Government from Federal Court decrees in Baltimore question in connection with the enthe Standard Brewing Company under the Food Control act of 1917.

Because of the importance of the question in connection wit hthe enforcement of the War-time Prohibition act, court officials expect the Government to ask that the case be expedited. Unless this were done a decision probably would not be handed down until after prohibition by Constitutional amendment became effective.

Is Your Blood Hungry For Iron?

Iron Is The Red Blood Food That Gives You Strength, Energy and Power—How To Make The Test That Tells

Actual blood tests show that a tremendously large number of people who are weak and ill lack iron in their blood and that they are ill for no other reason than lack of iron. Iron deficiency paralyzes healthy, forceful action, pulls down the whole organism and weakens the entire system. A pale face, a nervous irritable disposition, a lack of strength and endurance and the inability to cope with the strong vigorous folks in the race of life—these are the sort of warning signals that Nature gives when the blood is getting thin, pale, watery and literally starving for want of iron. If you are not sure of your condition, go to your doctor and have him take your blood count and see where you stand or else make the following test yourself: See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. By enriching the blood and creating new red blood cells, Nuxated Iron strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy and power into the whole system.

Unlike the older inorganic iron products Nuxated Iron is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

AN ALEXANDRIA MAN'S EXPERIENCE

Can you doubt the evidence of this Alexandria citizen?

You can verify Alexandria endorsement. Read this:

J. M. Treakle, oyster dealer, 601 South St. Asaph Street, Alexandria, says: "My back was in such bad shape I could hardly get up after sitting down awhile. I do a lot of fishing and sometimes the pains have caught me so I would have to call for help. I can hardly describe the terrible misery I was in. I had headaches that would almost drive me crazy. When Doan's Kidney Pills were recommended, I got some at the Creighton Drug Store. Doan's did wonders for me. They took all the misery out of my back and now I can go around and do any kind of work. Since Doan's Kidney Pills cured me I have never felt weak and lame like I used to."

HOUSE PASSES DRY LAW

Stringent Act, "Subject for Veto," Now Goes to Senate

By a vote of nearly three to one, the House, weary of talking prohibition, yesterday passed a bill for its enforcement, with provisions and penalties so drastic as to bring from the men who framed it the prediction that it would forever suppress the liquor traffic on American soil.

Exactly 100 members—52 Democrats and 48 Republicans—refused to support it. Against this even 100, the prohibitionists, putting up a solid front to the very last, polled 287 votes.

A broad smile spread over the faces of the prohibition leaders, for their work in the House was ended and the measure was ready for the Senate, where many of its restrictions may be modified or stricken out. The cloak room rumor persisted that all of this legislative effort might end on the shoal of a Presidential veto, although the general view was that it would be signed as passed.

Before the House put the bill on its passage one final but feeble hand was reacehd forth to strike it down and put in its place a briefer and more liberal measure. This took the form of a three paragraph bill by Representative Igoe, Democrat. Missouri, introduced some days ago and offered yesterday in the form of a motion to recommit, which meant its substitution for the general enforcement measure, if the House saw fit. But the House did not. Mr. Igoe's motion was defeated, 255 to 136, and this vote analyzed meant that at least 36 members who favored a more liberal bill took the more drastic one later when there was no other choice.

There were no unexpected reversals in the individual vote.

WILSON GAVE SHANTUNG

President Tells Senators He Negotiated Award Then Got Conferees' Approval

President Wilson in conversations with Republican Senators yesterday, admitted sole responsibility for the Shantung settlement in the peace treaty, whereby this great province of China, with its millions of Chinese inhabitants, is to be delivered to the control of Japan.

The Senators were told that Lloyd George and Clemenceau refused to participate in the discussion of Japan's claims to Shantung because of the secret treaties which England and France had made with Japan covering this particular item in the Japanese demands.

Thereupon, it was stated, the entire matter of appeasing Japan and satisfying her demands for territorial increase was turned over to President Wilson. Senators were told that the President personally negotiated the settlement with Japan's erpresentatives and agreed to give Shantung to the Japanese Empire. The plan of settlement was then submitted to the other members, of the "Big Five" for approval.

The President pleaded Japan's cause with the Senators by pointing out that the dislodgment of the Germans from Shantung was of vital importance to the transport of troops from New Zealand and Australia to help the British cause in France. With Germany in possession of Kiau-Chau as a fortified naval base, it would have been impossible, the President said, for troops to have been transported from their British possessions to Europe.

RIOTERS IN COURT

Judges in Washington Police Court Will Exact Full Penalty

Determined to do everything with in their power to prevent a recurrence of the race riots, Police Court Judges Hardison and McMahon announced from the benches of their respective courts yesterday that the full penalty of the law would be imposed upon all participants in disorders brought before them. Their decisions, announced at the opening of court, were adhered to throughout yesterday's sessions, with the result that virtually every person convicted of carrying a deadly weapon, or of disorderly conduct was given the maximum penalty.

Then, as an additional blow to the "gun toters," the court increased the bonds in the carrying deadly weapon cases from $500 to $2,000. This action not only brought forth a storm of protest from the negro lawyers of the city, but the crowd of negro spectators who packed every available inch in the court rooms as well.

So aroused were the negro lawyers that a delegation was appointed to confer with Judge McMahon after the adjournment of court to protest against such action. The public was barred from the conference at he request of the negro lawyers.

PRISONERS FIGHT GUARDS

Leavenworth, Kan., July 23.—Twnety-five hundred military prisoners in the disciplinary barracks at the Federal prison here went on strike yesterday and resisted attempts of the guards to force them to work. Col. Frederick Rice, in command of the barracks, received a committee of 12 prisoners who asked that the men be given shorter hours and more to eat.

When the men were ordered from their cells yesterday virtually all of them refused, and guards who later attempted to force the men from their cells were beaten back.

The 12 prisoners who were given a hearing before Colonel Rice were largely foreign-born radicals, prison officials said. They were appointed at the secret meeting held Saturday afternoon. Colonel Rice said he would communicate the men's demands to Washington.

The men involved in the strike are all military prisonrs, many of them sentenced in France.

THEATRES

GRAND THEATRE

It is no exaggeration to say that the entirely fictitious charater of "Chimmie Fadden," originated by E. W. Townsend, did much to make the Bowery famous throughout America a score of years ago. As a "type" the nearest approach to "Chimmie" in real life was probably "Chuck" Conners, known as "The Mayor of Chinatown.' "Chimmie Fadden"—first a series of newspaper articles, then a novel and then a play—is now a Paramount picture play with Victor Moore in the title role, which is being shown at the Grand Theatre tonight. Also 14th episode "Houdini."

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.

NOW IS THE TIME

To Build Up Permanently. Nature at Its Best as an Aid.

If you who are weak, nervous and run down from over-work, worry of any other cause would only realize that the summer months is the time to build up strength and vigor there would not be so many collapses and rushing for aid during the winter.

The plan to follow is simple: plenty of rest and good wholesome food along with a strength-creating body- building tonic, Chasco-Vin with its Iron, Manganese, Hypophosphites, Nux and other strength making ingredients, is the tonic we suggest.

If you follow this plan carefully you will notice a wonderful improvement in two weeks time. But don't give up too soon.

The Local agent for Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.
